

Magical Melbourne Winter Weddings

Melbourne is a city that absolutely dazzles in Winter and we love everything about this (often overlooked) time of year!

The perks truly are undeniable, with more dates available, all of your favourite people will be able to attend.

It is also the perfect time to jet off to Europe for the trip of a lifetime on your honeymoon.

Trust us, even your photos look better: no squinting into the sun, sweating or melting make up. Most importantly of all, a cooler evening ensures your guests will be glued to that dancefloor all night!

Our fabulous Winter special is available at your chosen venue during May, June, July and August 2023.

Why not let us take care of you the entire day, and receive a
